Japanese Ambassador Iwama Kiminori formally conferred the Foreign Minister's Commendation to Dr Sheikh Aleemuzzaman on behalf of the Foreign Minister of Japan at a special ceremony held at the Ambassador's residence on Thursday in Dhaka.

In the ceremony, Prof Md Sayedur Rahman, Vice Chancellor of Bangabandhu Sheikh Mujib Medical University, made a congratulatory remark.

Prof Nazmul Hosain, Director General of Ministry of Health and Family Welfare was present at the ceremony as well.

The foreign minister’s Commendations are awarded to individuals and organizations with outstanding achievements in international fields, to acknowledge their contributions to the promotion of friendship between Japan and other countries.

The Commendations also aim to promote the understanding and support of the Japanese public towards the activities of recipients.

Ambassador Iwama expressed his sincere appreciation to Dr. Sheikh Aleemuzzaman for his contributions to promoting exchange between medical societies in Japan and Bangladesh and fostering confidence in Japanese healthcare in Bangladesh.

“As a seasoned medical professional and General Secretary of the Japan-Bangladesh Medical Association (JBMA), Dr Sheikh Aleemuzzaman has been playing a pivotal role in fostering collaboration between the Japanese and Bangladeshi medical and health sectors," he said.

"His initiatives successfully advanced the distribution of Japanese medical devices and facilitated medical exchanges between the two nations.

"Moreover, in response to the needs of the injured at the revolutionary movement, he successfully collaborated with Japanese and Bangladeshi medical institutions and government officials to secure a \$10,000 donation through the JBMA," the Ambassadorsaid.

"Despite navigating complex challenges in the medical field, his steadfast commitment to aiding the injured shows his profound integrity and compassion."

On August 1, the government of Japan announced the foreign recipients of “the 2024 Foreign Minister’s Commendation.”
