Homecare Services

Committed to SDG Health Goals 

■ 5 ELEMENTS OF HOMECARE

Professionalism Our staffs are trustworthy, punctual and diligent. They don't check mobile phones frequently or show casual attitude to the clients.

Empathy Our staffs are thoroughly trained to offer emotional support to clients who may feel depressed or helpless.

Experience Our staffs are well experienced to deliver their expertise through professional and compassionate behavior.

Specialized Services Home care is a diversified field, the requirements ranging from simple companionship to complex procedures, such as intravenous injection. Medicare Japan assigns staff according to suitability of tasks.

Affordability Medicare Japan offers a corresponding range of price list in accordance with affordability of the client.

Homecare Services

Committed to SDG Health Goals

Ningen Dock

Committed to SDG Health Goals 

NINGEN DOCK NINGEN is the Japanese word meaning human and DOCK is an abbreviation of the word dockyard. Japan embraces a vision that every human being is like a floating ship that needs periodic inspection at a dockyard.

COMPREHENSIVE Ningen Dock is an all-inclusive system, suitable for routine health check, overseas travel, and employment requirements.

COMPACT Everything is organized at one place through a compact floor plan. There is no need to walk around various departments & floors.

COST EFFICIENT All procedures and tests will be completed in less than 3 hours for 3500 Taka only.

Health Dock

Lifestyle Evaluation + Biometrics (Height, Weight, BMI, Pulse, BP, SpO2, BT) + ECG + Chest X-Ray + Abdominal Ultrasonogram + Blood Test (Complete Blood Count, Sugar Profile, Lipid Profile, Liver Function Tests, Kidney Function Tests, Hepatitis B&C test) + Urine Test (Routine & Microscopic Examination) + Prescription + Advice.

Pregnancy Dock

Lifestyle Evaluation + Biometrics (Height, Weight, BMI, Pulse, BP, SpO2, BT) + ECG + Pregnancy Profile Ultrasonogram + Blood Test (Complete Blood Count, Sugar Profile, Lipid Profile Liver Function Tests, Kidney Function Tests, Hepatitis B&C test) + Pregnancy Related Test (Blood Group, TSH, VDRL) + Urine Test (Routine & Microscopic Examination) + Prescription + Advice.

MEDEVAC (Medical Evacuation)

Committed to SDG Health Goals 

■ MEDEVAC Protocol

① Inquiry/Service Order

Client makes a phone call to the following Medicare Japan hotline numbers: +8801755557445, +8801755592550. Phone calls shall be received from 08:00 hours to 24:00 hours, every day.

② Service Arrangement

Upon receiving the Inquiry/Service Order, Medicare Japan shall make necessary evaluation and arrangements, based on Type-Time-Place-Person requirements. Accordingly, the cost will be calculated and client will be informed for order confirmation.

③ Order Confirmation with Payment

Order shall be considered confirmed after completion of payments to Medicare Japan. Once confirmed, the order cannot be cancelled.

④ Service Provision

Medicare Japan shall provide the MEDEVAC Service based on Type-Time-Place-Person requirements. Medicare Japan shall provide update to the Client/Attendant while providing the MEDEVAC service.

⑤ Service Completion

A particular MEDEVAC service shall be considered complete when all service requirements have been fulfilled.

⑥ Follow up: Subsequent follow up if deemed necessary may be done

Medicare Japan

Committed to SDG Health Goals 

Medicare Japan is committed to UN sustainable development Goal SDG-3, aspiring to ensure healthy lives and promote well-being for all, at all ages. As the name implies, Medicare Japan is a versatile health and emergency care provider with Japanese modus operandi. We operate both at Dhaka as well as at remote areas across the country, managing multiple ODA project related site clinics. For disease prevention, our signature service is the 'Ningen Dock', Japanese style health check. We are experienced in both local and international MEDEVAC (Medical Evacuation), as our Japanese counterpart have call centers & offices at Thailand, Singapore and Japan.
